ON THE GREENS' RETURNS!

Many people have followed this radio programme for about 7 years. Unfortunately, the programming changed recently and the time slot was not available.

We should thank at this stage the team of presenters led by Ash Halls who have done a brilliant job of promoting bowls! Also Coast FM for their support.

The Bowlers League and the MBA have got together to run a replacement live stream chat. This has occurred very quickly!

We had a trial yesterday and had sound problems! But not to be put off we are back on Sunday morning broadcasting from Club West Lakes. There may be a few issues at the start but be patient as we look to develop this initiative!

Presenters: Ash Halls and Roy Palmer with various guests. **John Bevin** will be a regular with his wide knowledge of the results and the game of Bowls.

The new format allows us in the future to possibly go to a club with a special event.

If you want an event publicised let Ash know at Lockleys!

So look for:

'ON THE GREENS' metro bowls Facebook 7.30am Sunday or watch it at any time!

Club Secretaries: This is short notice but can you let your members know what is happening. Thank you.

Regards

Ron Mitchell Ash Halls
