

In a game where home ground is a definite advantage, Gawler's Div 1 team took full toll in blustery conditions, upsetting top of the ladder Tranmere by 21 shots. The experimental pairing of Smith and Turner continues to pay dividends with their 3rd dominant win in row, the triple of Leigh Roberts' has bounced back from poor recent form with consecutive wins and the rejigged four of Darryl Maidment swamped their opposition with a 15 shot win.

Now sitting in 7th place after regularly figuring in the bottom 2, they seem to have their season back on track.

The Div 3 team were overwhelmed by Modbury to the tune of 36 shots. Dave Moncrieff's lads providing the solitary point when they drew their rink. With only a few points separating them from the relegation zone, they will have to battle hard to stay in this division when play resumes after the break.

Div 4 received a forfeit.

That's it until January, hope you have a good break,

Cheers

Phil
