

Gawler's division 3 finals campaign came to an end with an elimination final loss to Hope Valley. Unable to take a rink, the 18 shot loss completed an up and down season for the group who suffered from players being constantly in and out of the side as they moved between division 1 and 3. A settled division 1 next season will result in division 3 having more players to select from and give it a chance to improve its position.

Wendy Wright was the side's best skipper in this division with an excellent record of 10 wins and only 3 losses.
