

In extremely tough conditions, Gawler's division 1 ladies recorded an important win against last year's finalists Morphett Vale, finishing the day 13 shots up. With gale force winds blowing across the green and hats and even bowling mats constantly being disrupted, it was a credit to the Gawler team to maintain its composure to take the points against the higher ranked side. It now has an opportunity to consolidate its mid ladder position with another home game this week when it hosts Kensington Marryatville.

Despite a big rink win to the four of Jos Allwood, Hilda Alvaro, Marlene Heffernan and Sandie Raggio, it was a 12 shot loss to Salisbury for the division 3 team. The 15 shot win couldn't make up the deficit of the other 2 rinks and it now faces the daunting task of another away game against top of the table, Hope Valley.
