

The difference in class was evident when Gawler's division 1 ladies hosted newly promoted Blackwood. Although not moving from 6th spot, the 53 shot thrashing handed out by the locals sees its shot differential improve and now sit within a game of top of the ladder West Lakes. With all rinks posting comfortable wins it was the four of Margaret Marshman, new bowler Bea Stallbom and veterans Judy Boucher and Teresa Dean who turned it on, taking their rink 38-9.

After winning their rink by 9 shots last week, it was Wendy Wright's ladies who again took their rink by the same margin to ensure a win against home side Modbury. 5 shots up at the end of play, it was another good performance by the division 3 side after last week's 1 shot win against top team Two Wells. With its last game before the break against winless Playford there is a good chance that this side can reach the halfway point of the season in 2nd spot.
